Commissioner for Patents

DETAILED ACTION

1. Claims 133, 134, 136-142, 144-150, and 152-189 are pending. Claims 133, 140, 141, 148, 149, 156, and 163-168 have been amended in this communication filed 11/03/06 entered as Response to Non-Final Action, Substitute Specification, and Request for Extension of Time.
2. The drawings filed 11/06/06 has been reviewed and entered.
3. The drawing objection has been overcome by the submission of the formal drawings and is hereby withdrawn.
4. The objection to the Specification has been overcome by the submission of a Substitute Specification and is hereby withdrawn.
5. The objection to the title of the invention has been overcome by Applicants' amendment to the title and is hereby withdrawn.
6. The previous 35 USC 112 second paragraph rejection for claims 133, 140, 141, 148, 149, 156, 163, and 166 has been overcome by the amendment to the claims and is hereby withdrawn.

Response to Applicants' Amendment

Claims 167 and 168 have the identifier as (currently amended) with an amendment but there is a line drawn through "167" and "168". It is unclear as to the real status of these two claims because a line through the claim indicates that the claim has been cancelled. Clarification and corrected claim amendments is respectfully requested.

Art Unit: 3694

The amendment filed on 3/28/06 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): A clean copy of the Specification was not submitted. This does not comply with 37 CFR 1.121. The 35 USC 112 second paragraph rejection for claim 1 relating to the type of "system" in the preamble. Since the above- mentioned reply appears to be *bona fide*, the Applicants' are given a time period of **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. Extensions of this time period maybe granted under 37 C.F.R. 1.136 (a). This action is **NON-FINAL**.
